## RACING AT MONMOUTH PARK.

SMALL FIELDS AND LITTLE INTEREST.

FOUR OF THE FAVORITES DEFEATED-A DULL

The few patrons of Monmouth Park yesterday saw some very tame sport. The card was originally moderate, and so numerous were the scratche The first race had three starters; the second ten, the third five, the fourth two, the fifth four and sixth five, a total of twenty-nine in all six

It is clear that this continuance of light fields is unsatisfactory, both to the public and to the bookmakers. To the former it means dull racing, while from the bookmakers lack of business is

The opening contest fell to the Rancocas filly was the outsider, at 21-2 to 1. The plunge was on Chesapeake, who had run a fast trial on Thurs-He was sore going to the post, and came in

Drum Major by D. F. Pulsifer. It was a case "good things" were cut loose in the same race. The judges were called on to decide was in favor of Fusilier. Some of the spectators near the finish failed to agree with them.

The third race was won by the Westerner Aloha.

There was a plunge of huge proportions on Afternoon. She opened at 6 to 1, was backed down to 8 to 5, and at the close was quoted at 11 to 5. None of her races in the East warranted this support, and, moreover, she was ridden by Benjamin, a mere stable boy. She was outpaced from the start, and finished lengths behind the placed three. It would be hard to say why she was

Banquet had only young Arion to beat in the fourth race. Taral won on him and had no diffi-culty in landing him first at the finish. The time. 1.541-2, was good, and a surprise to those who accented 7 to 10 over 1:57 1-2.

Clementina had no difficulty in disposing of her field in the fifth race. Sloane' had her under a pull from start to finish. She seems to improve

won the last race, but Lambley could not get him to do his best, and at the finish Lady Pulsifier at him by a short head. Chief Justice was third, beaten only a neck.

Tribune racing article yesterday. By blunders in Tribune racing article yesternay. By binners in the composing-room and proof-room the paper was made to say that Raceland was ridden "without" vigor, and that Albert Cooper bought Aurelian "years" ago. The truth was that Tarai rode Raceland with magnificent vigor, energy and success, while Cooper bought the two-year-old colt Aurelian a few days ago, not years.

PREPARING TO BREAK CAMP AT SEA GIRT.

THE LAST DRILLS OF THE BRIGADE-REPORT OF THE MEDICAL INSPECTOR-A JOKE ON

[BY TELEGRAPH TO THE TRIBUNE.] Sea Girt, N. J., July 28.—The feature of the day in the encampment of the First New-Jersey was the review by Major-General Plume. The weather was all that could be desired, and

Lieutenant-Colonel E. L. Godfrey, medical inspector, inspected the camp to-day, and reported it to be in a first-class sanitary condition. The investi-gation of the cause of so much sickness and the al-leged poisoning of the men during the first two days of the encampment has been completed, and the State Chemist reports that the driving-wells were polluted by drainage and condemned for drinking purposes, and that the guardsmen were so in-formed, but disregarded the warning, preferring to drink from them rather than go a little distance to the artesian well. Dear Mr. Kersey: I have yours of even date. It has been the desire of the America's Cup Committee to make the races carlier than October 5 in compilance with the suggestion of Lord Dunraven, but they have been unable to make the arrangements to change the date. Your instination that he desires to know at once the decision of the committee, and if the date is not changed it will permit him to race the Valkyrie in England, gives me the opportunity to say in confirmation of our previous correspondence, and to make the date positive, that the date of the races is definitely settled for October 5 next, as per our agreement, unless changed by mutual consent, and I inferfrom your letter you will advise Lord Dunraven by cable. "SCALPERS" AT WORK ON EXCURSION TICKETS. and Western roads, whose tickets he was handling, were violating the Trunk Line agreement. It proved were violating the Trunk Line agreement. If proved to be true that the tickets were on sale at that rate, but the explanation seemed simple enough, Under the Trunk Line agreement the roads are selling round trip tickets for the special excursion trains to Calcago for \$17. The "scalper" takes this and sells the out-bound part of it for \$10. Then at Chicago for \$10. cago the return coupon is disposed of at the same rate, and the speculator has made a paying profit from the double transaction. The advertisement promises a "parior car" on the train, but no sleeper.

AN AGREEMENT ABOUT WORLD'S FAIR RATES.

coads had another meeting here to-day and agreed that until their next meeting, on August 10, the World's Fair rate of one fare for the round trip should not be available on any trains other than coach excursions, except from Onio River points and Columbus, where the one-fare rate is now in effect on all trains and in all coaches. They further agreed that rates from points affected by the rates at these points should be made up of a sum of the local rate to the particular point from which the one fare rate

"The time has come," says "The Christian In-quirer," "for the Baptists of New-York to look the situation of things in the face, and inquire commercial metropolis in such position as will en-able us to work our forces to the best advantage. New-York needs something. Our cause is suffer-ing at almost every point. Baptist headquarters, home somewhere below Fourteenth-st., for de-nominational work ought to be considered. It would cost a couple of millions. Among the stores in the first story the Publication Society could have its depository. On the second floor the Home Mission Society could find room to do its work. In stories above could be halls for the Conference, rooms for the district secretaries, and offices to let, while above might be found room for our deenterprises. New-York ought to have a Baptist hind the times. Some of our money ought to be The report that the much-discussed Noyes case,

which has done so much to disturb the harmony of the annual meetings of the American Board for six or seven years, has at last been settled in favor of the liberal wing of the Congregational churches seems to have been premature. The Prudential Committee of the board has finally discounted of the creen with the next meeting of disposed of the case—until the next meeting of the board, which meets at Worcester in Octo-ber. The resolution of the committee is brief, anfurther action on the missionary appointment of the Rev. Mr. Noyes," and ordering that a copp of the minute leading up to the resolution be forwarded to him. The committee had appointed Mr. Noyes a missionary in Japan in April, be-lieving, "from the reply of Mr. Noyes to a member of this committee, and from the current tes-timony of eminent and honored missionaries who have worked with him in Japan in the common of feeling and thought, that his experience and discipline in missionary work have essentially which may before have been believed to exist in which toward the dogma of a future probation."
When Mr. Noyes was informed of this action of the committee he replied in a very frank letter, telling the committee that he had "never been given to the parading of his opinion about a continued probation." but he added: "It is not true that actually there has been an essential restraint or an essential modification of the movements of my thought on this subject." This letter settled the case so far as the committee was concerned, and

three volumes which have attracted the attention the religious world. They are "The Message of Jesus to Men of Wealth," "The Larger Christ," and "The Call of the Cross." The author, the Rev. Dr. George D. Herron, has just been elected professor of a new department in Iowa College, at Grinnell The chair is known as "Applied Christianity," and where Dr. Herron was then the pastor of a Con gregational church. This is said to be the first lepartment of the kind in the country, if not in the world, and the friends of practical Christianity expect much from the new departure. Two hours each week will be given to the study of the Bible—"The Text-book of Christianity;" one hour each week to Christian Evidences—"What Is Christianity?" and three hours to Christian Sociology—"The Application of Christ's Teachings and Spirit to Modern Industrial, Political and Social Conditions, to Modern Life." Dr. Herron has just held "Retreat" at Grinnell, where, with a nu ike-minded men, six days were given to the discussion of practical Christian topics. One who was present says: "The object of the gathering, stated broadly, was a larger vision of the meaning of the Gospel, and the wisest methods of applying its truths to the social and industrial problems of the
